My dear Eleanor,

Your dear letter was received but as we were in retreat I deferred replying. So sorry to hear that you have not been well since your return home. I trust by this that you have regained your usual health.

From day to day I have been expecting a little visit from you - there is no excuse as you

can ride. You must derive
great pleasure from horse-
back riding. I am sure it
will be very beneficial
to your general health.

I am delighted to hear
that your good Papa
purchased a Chickering
Piano for you. Do not
think you will ever
regret getting such an
instrument. Have you
commenced giving your
little sister any lessons?
Sister M. Gerontius will
expect great improvement
on your return so do
not disappoint her.

Remember most kindly
to your dear good Parents.
The Sisters unite with
me in sending love
Very sincerely
Sister M. Scabell
