

Sleepyville Kan.

7-27-06.

Here we are little girl in
the last volume of our
correspondence as Miss
Woodworth of Cashion
and A B Wright of Ketchikan
for the volume following
will be to Mrs A B W.
when she goes down
to see her mother.
Sadly ?

Lord girlie but she
has been a long old day
and to night it is
disappointing not to
be able to hitch up old
"Bill" and come over
for you.

How did your round
the trip and what

Cuck? did you have
at Lingfisher? I wonder
how I have a feeling
that you did not con-
nect at '12' or some-
thing of that sort. I
hope tho. that you got
along nicely and by
this time feeling good.

Of course there's no
neighborhood gossip
as can't tell any news
but will have to talk
of family and my
own "downs".

They had the show
nearly all season when I
got back from Dubuque and
after I got head started
for Chicago I took
Mame over to Adrie.

They put up 40 glasses
of plum, peach and apple
jelly and canned and
preserved a lot. And

you are is not feeling
so badly as she did
yesterday.

Now you will have to
listen while I tell you
about myself. You know
it is very ^{to} natural for a
person to talk about them-
selves & is just "common"
like other people.

This morning after
coming from Ohio I
knocked around doing
little odd jobs. This P.M.
after taking a snooze of
1 1/2 hours — and I
slept to — the kid and
I went over and got
along nicely — but I'm
tired and awfully
awfully sleepy. Tomorrow

— but that's another
story that I'll write
then or Sunday if I don't

I think I can get a
letter off Sunday so you can
get it Monday.

Dear girl — my
dear girl — that's all
the news.

Four months and
six ten days — that's not
long if a fellow had to
live at the end of it but
to me — I'm just

going to begin to live
at the end of that time

and so the time seems
long. I'm not sick,

am I girl? — can't help
it if I am for I know

you can. Oh! if things
will just go well with
us so we can start out

as we have planned — free
of debt and everything
easy — but — it's a
"go" anyhow is it?

girlie, I selfish enough to
want to take you away from
a nice home and if things don't
go as we have figured. This is all
over this time delay.

so good night. and good luck and love —
your friend — George
